### **ELEGANCE AND AUTHENTICITY IN MAURITIUS**

One of the best family resorts in Mauritius, Le Canonnier stands proudly above the coastline on a historic peninsula.

Le Canonnier\*\*\*\* enhances the authentic Mauritian atmosphere with commanding views over the northern islands and sparkling Indian Ocean, lush tropical gardens dotted with cascading pools and a string of secluded creeks. Bearing testimony to the island's historical past are ruins of a lighthouse and fortress blending seamlessly into the tropical gardens.

To provide more comfort to its guests, the hotel chose to renovate all its corridors and meeting places with Dickson Flooring Be Smart Style renowned for its natural and warm appearance, resistance and acoustic insulation qualities.
